SUBJECT: Streambed Alteration Agreement with the California Department of Fish and Game for Road 88 Culvert Project

REQUEST(S):

That the Board of Supervisors:

1. Approve the Streambed Alteration Agreement with the California Department of Fish and Game for the Road 88 Deer Creek Culvert Project; and

2. Authorize the Chairman to sign the Agreement.

SUMMARY:

The County is the lead agency on the Road 88 Deer Creek Culvert Project (Project). The existing crossing was damaged during flooding in late 2010 and early 2011. This Project will improve the hydraulic capacity of the existing crossing by providing additional culverts to prevent washouts of the crossing in future heavy rainfall events.

The Streambed Alteration Agreement with the California Department of Fish and Game (Agreement) contains provisions to protect fish and wildlife resources including regulating potential impacts to listed and sensitive species, wildlife, birds, vegetation, vehicles and equipment, erosion, pollution, water diversions, structures, and channel restoration. The Agreement requires the County to report to the California Department of Fish and Game (CDFG) describing the work in the channel, affirming compliance with the terms of this Agreement. The Agreement requires the County to perform biological surveys and report the results of the survey to the CDFG. The County and any contractors hired by the County must

comply with the terms of this Agreement for all activities in the channel.

FISCAL IMPACT/FINANCING:

There is no net cost to the County General Fund for this project.

A one-time fee of $4,482.75 was paid in advance to the CDFG as part of the application process to obtain this Agreement. That fee was paid by the County Road Fund to CDFG, which will in turn be reimbursed by Federal Emergency Management Agency (FEMA) through their Disaster Assistance Program.

LINKAGE TO THE COUNTY OF TULARE STRATEGIC BUSINESS PLAN:

This Project will enhance the safety and security of the public by improving the transportation infrastructure for both the general population in the region and the motorists using this facility.

ADMINISTRATIVE SIGN-OFF:

_____

Britt L. Fussel, P.E.
Assistant Director—Public Works
County Surveyor

BLF:km/br
Cc: Auditor-Controller
