SUBJECT: Reaffirm Resolution No.2015-0850, adopted October 6, 2015.

REQUEST(S):

That the Board of Supervisors:
Reaffirm the Proclamation of a Local Emergency due to tree mortality in Tulare County Resolution No. 2015-0850.

SUMMARY:

On October 6, 2015, Tulare County proclaimed a Local Emergency due to tree mortality, as a lack of precipitation has caused a significant number of trees to die or become stressed and unable to defend against insect and disease infestations. As of the last survey in April, 2015, the southern Sierra's total tree mortality was 10,450,000 on 835,000 acres, or 20% of the total 4.1 million acres surveyed. Tree mortality is expected to increase over the next year.

The severe conditions continue to pose increased threats to public health and safety, including fire, falling tree/debris, and air quality hazards. Recent fires, including the Rough Fire in Fresno & Tulare Counties, and the tragic conflagrations in Lake and Calaveras Counties, serve as reminders of the extreme fire potential presented by drought and inadequate forest management.

The immediate and long-term ramifications of the tree mortality are likely to have a continued impact on the health and safety of Tulare County residents and visitors, and negatively impact the economy of Tulare County. As such, staff recommends that the Board of Supervisors reaffirm the existence of the Local Emergency, as required by Government Code §8630(c).

SUBJECT: Reaffirm Resolution No.2015-0850, adopted October 6, 2015.
DATE: November 17, 2015

FISCAL IMPACT/FINANCING:

There is no cost associated with proclaiming or reaffirming a Local Emergency. The long-term fiscal impacts of tree mortality on the local economy, including demand on County services and economic losses related to increased fire activity cannot be accurately forecast at this time.

LINKAGE TO THE COUNTY OF TULARE STRATEGIC BUSINESS PLAN:

The County's five-year strategic plan includes the Safety and Security initiative, with a directive to plan and provide coordinated emergency preparedness, response, and recovery and mitigation capabilities for both natural and man-made disasters. Proclaiming a local emergency facilitates the County's response to, recovery from, and mitigation against such disasters.
