SUBJECT: Terminate a Local Emergency due to Flooding, proclaimed on April 4, 2017

REQUEST(S):
That the Board of Supervisors:
Proclaim the termination of a Local Emergency due to Flooding in Tulare County, Resolution No. 2017-0213

SUMMARY:
Tulare County proclaimed a local emergency on April 4, 2017, due to previously-observed and potential future flooding as a result of the abnormally wet winter. Since that time, the record snowpack has largely melted and peak flows have been observed on local waterways. With the exception of low-lying area inundation and river bank breaches on the Kings River, which the County separately proclaimed as a local emergency on June 23, 2017, the County largely avoided significant impacts.

Given that the conditions of extreme peril on which this emergency proclamation was based no longer exist, it is appropriate to terminate the local emergency at this time, pursuant to California Government Code §8630(d).

FISCAL IMPACT/FINANCING:
There is no cost to terminating a local emergency proclamation.

LINKAGE TO THE COUNTY OF TULARE STRATEGIC BUSINESS PLAN:
The County's five-year strategic plan includes the Safety and Security element, with a goal to plan and provide coordinated emergency preparedness, response,
