Scope of Work - Fiscal Year 2018-2019

Exhibit A

Grant Services to be charged against
Child Welfare Services 001-142-4020-7043

Intensive Supervised Visitation Centers Program

Family Services of Tulare County will organize and be responsible for a Supervised Visitation Centers program in Tulare County. The supervised visitation service will be for the benefit of clients of Child Welfare Services (CWS) who are working to reunify with their children. The services and rates may be modified by mutual written consent of both parties. Reimbursement for services is contingent upon receipt of state and/or federal funds for this purpose.

Visitation is very important as this allows the parent and the child to see each other and maintain their relationship. Intensive visitation during the first four months is very crucial to reunification. Studies show that the more a parent and child can visit, the sooner they can be reunified. It is especially important when an infant is involved, as parents need to be allowed multiple visitation opportunities in order to bond. Also, supervised visitations are an opportunity for trained staff to monitor all interaction between the child and parent in a safe and neutral environment and provide feedback to CWS. This gives CWS objective information regarding the parent-child relationship and interaction.

Family Services of Tulare County will:

1. Organize and administer the Supervised Visitation Program;
2. Maintain a full-time CWS Visitation Program Coordinator (North County) and a half-time CWS Visitation Program Coordinator (South County);
3. Hire, train, supervise, and maintain appropriate staff to conduct supervised visitations, including a workforce of visitation staff that are trained in KIPS© (Keys to Interactive Parenting Scale) and the Uniform Standards of Practice for supervised visitation providers;
4. Work with participating Family Resource Centers and other local partners to ensure community locations are appropriate for supervised visitations and facilitate annual maintenance or supply requests associated with the safe use of these natural settings for visitation purposes as needed;
5. Train staff and Family Resource Centers on evidence-based supervised visitation practice;
6. Conduct background checks on all staff hired;
7. Accept Child Welfare Services referrals for supervised visitations;
8. Coordinate supervised visitations with participating Family Resource Centers;

Family Services of Tulare County

9. Ensure that the supervised visitations are conducted appropriately and with regard to the safety and security of all participants;
10. Adhere to the Child Welfare Services, Supervised Visitation Policy including completing appropriate forms and returning to Child Welfare Services in a timely manner;
11. Collect and maintain data on clients served by the CWS Supervised Visitation Program and provide this information to CWS as requested;
12. Attend and participate in meetings with Child Welfare Service as needed to coordinate services and ensure contract compliance.
13. Family Services will not exceed the total amount of hours allocated for fiscal year 18/19 which is 4,637 hours of supervised visitations for CWS. Scheduling of the hours will be determined following the below guidelines.
 - a) Hours primarily apportioned to families already established in the program
 - b) Families who are currently enrolled in the program and have visitations established will serve as priority when scheduling visits. Hours remaining from total hours each month will then be used to serve new CWS referrals.
 - c) If hours are left remaining at the end of the month they will be rolled over to the next month to serve new CWS clients.
 - d) On months Family Services does not meet marked hours, hours can be rolled over into high needs months.

Target Population

Contractor agrees to provide services for the benefit of dependent children and their families to comply with visitation court orders in a safe and neutral environment. Supervised visitation services will be provided to children who have been newly placed into foster care (within the first three months of placement). However, CWS may choose to refer a child who has been in foster care longer. The intent is for the supervised visitation service to be provided for up to four months; however, CWS may make exceptions on an individual basis.

Referral Process and Client Contact

The Supervised Visitation Referral Form will be used to refer and accept clients into the program. Referrals/Letters of Authorization are generated by the CWS Social Worker in

Family Services of Tulare County

accordance with court orders and program policies and sent to the Family Services CWS Program Coordinator for review. Family Services must acknowledge receipt of a referral to CWS within 24 hours (one business day).

The Family Services CWS Program Coordinators will work to establish contact with the involved parties (resource family/families, non-custodial parent(s), social worker(s)) to schedule the first visitation with the goal that the visit will occur within 72 hours of receipt of the referral or as soon as practicable.

Visitation services are provided as outlined in the referral (participants, number of hours, etc.). Services are available in English and Spanish. To ensure safety during visits, Family Services maintains a ratio of one (1) Visitation Supervisor per three (3) visitation participants (exceptions may be made if it is safe to do so and hours of supervision are invoiced accordingly).

Additional Expectations

Contractor will operate under the spirit of HIPAA for client confidentiality. Visit observations are recorded in chart notes; copies of visit records are provided to each referring social worker twice per month (15th of the month and end of month) or additionally upon request. Individual files are kept in locked filing cabinets and destroyed after seven years, in accordance with the agency's document retention and destruction policy. Generic (non-identifying) participant characteristic data is collected by the Program Coordinator and entered into databases for reporting purposes. Access to client databases is secured by restricted code. All staff receives training in confidentiality of records and clients sign confidentiality statements. No information is shared with any third party, with the exception of the referring party (CWS).

Outcome and Evaluation

The Contractor will serve at least 190 adults and 300 children with supervised visitation services. The primary tool for outcome measurement will be self-reported data provided by parents and children including satisfaction surveys. Additional statistics or demographic data may be tracked by Family Services at the request of CWS and provided to the CWS Program Manager on a quarterly basis.
