Fiscal Year 2018-2019

Contractor: Tulare Youth Service Bureau
Program: Children's Full Service Partnership (FSP) Program

I. DESCRIPTION OF SERVICES/INTENT AND GOALS:

A. System-wide Program Intent and Goals

1. To develop a program tailored to children/youth (0-15) and transitional age youth (TAY) (16-21) with severe mental illness (SMI) and/or severe emotional disturbance (SED), that provides an array of wellness, recovery, and resiliency-focused mental health and supportive services, that are easily accessible, consumer-centered, and culturally competent.
2. To coordinate services with community-based organizations, public agencies, and learning institutions when applicable to provide an integrated array of services and reduce accessibility barriers that occur when children and families must navigate multiple agencies, programs, and access-procedures to receive services.
3. To reduce negative outcomes associated with severe and persistent mental illness, including, but not limited to: psychiatric hospitalization, involvement with juvenile justice system, school failure or dropout, homelessness and removal of children from their homes.

B. Description of Services and Treatment Methods

1. Tulare Youth Service Bureau (CONTRACTOR) Full Service Partnership (FSP) program

a) Assessment/Enrollment

(1) Upon receipt of a referral, CONTRACTOR will contact the referring entity within 5 days to arrange for a case staffing or initial assessment to occur within an additional 5 days.

(a) A child/youth or TAY who is eligible for AB114 services (has mental health services prescribed within their school's Individual Education Plan (IEP)), is to be referred to the Tulare County Office of Education (TCOE) Behavioral Health Services for evaluation and services.

(2) CONTRACTOR will engage the individual in an initial psychosocial assessment, to include the CALOCUS, conducted by a licensed or waived Clinical Social Worker or a licensed or waived Marriage & Family Therapist.

(3) Pursuant to CCR, Title 9, Division 1, Chapter 14, Section 3620, a consumer wellness plan (CWP) shall be developed for each individual in coordination with other agencies that have a shared responsibility for services and/or supports, and the family, when appropriate.

b) Services

(1) Each consumer will be assigned to a Personal Service Coordinator (hereafter referred to as Intensive Care Coordinator (ICC)), who will act as the single fixed point of responsibility and provide intensive case management and supportive services until the consumer is transitioned to a less intensive treatment modality.

(2) Consumers will receive, at minimum, three contacts/services per week in a setting that aids the consumer in service accessibility (e.g., home, school, primary care clinics, family resource center, community agency, in-office, etc.).

(3) Services include a broad spectrum of activities including, but not limited to:

(a) Individual, family, and group therapy

(b) Intensive case management

(c) Intensive Home Based Services (IHBS)

(d) Medication management

(e) Supportive Activities:

(i) Life Skills groups (e.g., cooking, budgeting, stress management, time management, and accessing community resources)

(ii) Employment training (e.g., networking, finding a job, resume building, role-playing, job etiquette, and volunteer opportunities)

(iii) Education support (e.g., study groups, college tours, and presentations from educators)

(iv) Peer Mentoring, when available (e.g., Wellness Recovery Action Plan (WRAP), peer groups, etc.)

(v) Socialization (e.g., museum tours, and recreational activities)

(4) Services should be developed with a person-centered approach. Person-centered approach is a highly individualized process designed to respond to the expressed needs/desires of the individual.

(a) Each individual has strengths and the ability to express preferences and to make choices.

(b) The individual's choices and preferences shall always be solicited and considered.

(c) Treatment and supports identified through the process shall be provided in environments that promote maximum independence, community connections, and quality of life.

(d) A person's cultural background shall be recognized and valued in the decision-making process.

c) Flex Funding

(1) Flex funding is only applicable to consumers and can only be used to pay for short-term or one-time goods, supports, services

and activities that are not typically funded by other sources (e.g., housing, medical expenses, clothing, food, education, and transportation). See section III.

d) Transition and Discharge

(1) Transition of consumers to less intensive treatment modalities will occur as the consumer develops competencies and resources to meet recovery goals without FSP services.

(2) A consumer's progress and level of recommended care (CALOCUS) will be assessed every three months.

(3) Consumers shall be discharged when they meet one or more of the following criteria:

(a) Consumer's refusal of services by the legally responsible adult,

(b) Consumer's or legally responsible adult's unilateral decision to terminate treatment,

(c) Transfer to another program that has been mutually agreed upon, or

(d) Mutual agreement that the goals of treatment have been met.

II. POPULATION SERVED

A. Demographics

1. CONTRACTOR shall provide services to, at minimum, 120 unduplicated FSP children/youth (ages 0-15) and transitional age youth (ages 16-21) with an emphasis on serving individuals who are traditionally unserved or underserved such as individuals from Hispanic, African-American, Asian-American, and Native American communities—communities that are traditionally unserved and underserved, and of lower income in Tulare County.

B. Full Service Partnership Focal Populations

1. Child/Youth Focal Population (ages 0-15)

a) Child/youth with serious emotional disturbance (SED) who is at high risk of expulsion from school, is involved with or at high risk of being detained by Child Welfare Services (CWS), and/or has a parent/caregiver with SED or severe and persistent mental illness, or who has a substance abuse disorder or co-occurring disorders.

b) Child/youth with SED who has been removed or is at risk of removal from their home by CWS and/or is in transition to a less restrictive placement.

c) Child/youth with SED who is experiencing the following at school: suspension or expulsion, violent behaviors, drug possession or use, and/or suicidal and/or homicidal ideation.

d) Child/youth with SED who is involved with Probation, is on psychotropic medication, and is transitioning back into a less structured home/community setting.

(1) A child/youth is considered seriously emotionally disturbed (SED) if he/she exhibits one or more of the following characteristics, over a long period of time and to a marked degree, which adversely affects his/her functioning:

- (a) An inability to learn which cannot be explained by intellectual, sensory, or health factors;
- (b) An inability to build or maintain satisfactory interpersonal relationships with peers and teachers;
- (c) Inappropriate types of behavior or feelings under normal circumstances exhibited in several situations;
- (d) A general pervasive mood of unhappiness or depression;
- (e) A tendency to develop physical symptoms or fears associated with personal or school problems.

2. Transition-age Youth (TAY) Focal Population (ages 16-21)

a) A transition-age youth must have a serious emotional disturbance (SED) or a severe and persistent mental illness (SPMI) and meet one or more of the following criteria:

- (1) Homeless or currently at risk of homelessness.
- (2) Youth aging out of:
 - (a) Child mental health system
 - (b) Child welfare system
 - (c) Juvenile justice system
- (3) Youth leaving long-term institutional care:
 - (a) Level 12-14 group homes
 - (b) Community Treatment Facilities (CTF)
 - (c) Institutes for Mental Disease (IMD)
 - (d) State Hospitals
 - (e) Probation camps
- (4) Youth experiencing first psychotic break.
- (5) Co-occurring substance abuse issues are assumed to cross-cut along the entire TAY focal population described above.

b) For transition-age youth, severe and persistent mental illness (SMI) may include significant functional impairment in one or more major areas of functioning, (e.g., interpersonal relations, emotional, vocational, educational or self-care) for at least six (6) months due to a major mental illness. The individual's functioning is clearly below that which had been achieved before the onset of symptoms. If the disturbance begins in childhood or adolescence, however, there may be a failure to achieve the level of functioning that would have been expected for the individual rather than deterioration in functioning.

III. FUNDING TYPES

Mental Health Services Act (MHSA) Community Services and Supports (CSS) funding is divided into three categories: Full Service Partnership (FSP), General System

Development (GSD), and Outreach and Engagement (OE). For purposes of this program, it is anticipated that only the FSP category will be utilized. Time studies performed by service providers will be utilized to allocate funding. Allowable activities for the FSP funding category are below.

A. FSP Funding (including flex funding)

1. Shall be used to provide a full spectrum of mental health services and community supports to consumers.
2. Flex funding will be used to support the consumer for 'whatever it takes' to achieve optimal outcomes, and must be clearly linked to a goal/strategy in the care plan. The use of funds is not an entitlement.

a) Eligibility

- (1) Consumers who are actively enrolled in an FSP program, and who have insufficient funds to provide the materials and resources necessary to achieve their treatment goals are eligible for assistance through flex funding.
- (2) Consumers currently receiving government assistance and/or other income are only eligible to receive assistance through flex funding after it has been clearly established that there are insufficient funds or no other funding sources (insurance, etc.) available.
- (3) Flex funding is to be used in support of the consumer and not the individual family members or support persons.
- (4) Flex funds are a temporary support, not to be used for long-term recurring expenses.

b) Uses

- (1) Flex funding may be used to pay for housing, food, clothing, transportation, educational and vocational expenses.
- (2) Flex funding may also pay for medical, dental, optical care, prescriptions, and laboratory tests when the consumer or family member does not have insurance to pay for such care.
- (3) Excluded purchases include items such as: alcohol, tobacco, construction or rehabilitation of housing, buildings or offices, purchasing land or buildings, illegal substances and activities, sexually explicit materials, costs for staff to accompany consumers on outings (e.g., sporting events, concerts, amusement parks, etc.), prescription medication otherwise available through Indigent medication or prescription assistance programs, Service Extenders, or vehicles for programs.
- (4) Every attempt should be made to purchase items that are considered reasonable purchases for the assistance of the consumers, and as economically as possible.
- (5) Items purchased with flex funds become the property of the consumer and the consumer is not obligated to return the property upon leaving the program.

(6) If an expense is determined to be ongoing, the program must develop a plan for consumer self-sufficiency related to the ongoing expense.

c) Reimbursement

(1) CONTRACTOR shall itemize expenses claimed on the Flexible Funding Expense Form, hide the Protected Health Information (PHI) and submit to the COUNTY (MHSA Fiscal Analyst) within the close of the month after the reported period, preferably with the invoice capturing expense.

(2) Failure to submit claims on a regular basis impedes the efficiency of the process significantly. Claims that are not submitted in a timely manner each month may be subject to delays in review and payment.

(3) CONTRACTOR is required to archive all flex funding expenditure receipts for a period of at least six (6) years. There may be occasions when a copy of an archived receipt is requested.
