SUBJECT: Grant Application for 5311 Transit Operating Assistance Funds for Fiscal Year 2019

REQUEST(S):

That the Board of Supervisors:

1. Authorize the submittal of Federal Transit Act Section 5311 grant application to Caltrans, in the amount of \$384,608 for Fiscal Year 2019; and
2. Authorize the Resource Management Agency Director, or his/her designee, to sign the Application Certification and submit the grant application through the Caltrans BlackCat system; and
3. Direct the Resource Management Agency to take the necessary steps and actions required under this grant program to return with an agreement for future consideration and approval.

SUMMARY:

Section 5311 of the Federal Transit Act (FTA) is a federal grant program providing funding for public transit in non-urbanized areas. FTA apportions this funding through the California Department of Transportation (Caltrans), Division of Mass Transportation, to local transit agencies. The County receives these funds on an annual basis which serve as an important part of the transit fund.

Under this grant program, a Regional Apportionment is distributed to non-urban areas through Tulare County Association of Governments (TCAG). TCAG submits a Program of Projects that identifies transit agencies, including Tulare County Area

SUBJECT: Grant Application for 5311 Transit Operating Assistance Funds for Fiscal Year 2019
DATE: July 31, 2018

Transit, to receive Section 5311 funds in their planning area each year. The transit agency must complete and submit a Section 5311 Program Application, including all required submittals to Caltrans. The grant application, in the amount of \$384,608 for 2019-2020 is for Operating Assistance funds, to be used for general expenses of the County Transit services.

The FTA will provide a maximum of 55.33% of the project cost, requiring a minimum of 44.67% local match for operating assistance grants. For this application, this is equivalent to a minimum of \$695,117. The match requirement is met and exceeded by Tulare County Area Transit's on-going operating expenses, and will be covered using Local Transportation Fund (LTF), State Transit Assistance (STA) fund, Measure R Transit Funds, or another transit related funding source.

After approval of the grant application by the Board, Caltrans staff will review the application and prepare a Contract Agreement which will be brought back before the Board for approval at a future date. These agreements are typically retroactive, as Caltrans does not provide the agreement to the County until after the date which Caltrans defines as the beginning of the term.

Staff is requesting that the RMA Director, or his/her designee be authorized to sign the Application Certification, as this form requires the signatory to review all forms and information for the project submitted into the BlackCat system and it would be onerous and burdensome to require the Chairman to do so.

FISCAL IMPACT/FINANCING:

No Net County Cost.

Funding for the FTA 5311 revenue will be included in the 2018/2019 Transit budget Account No. 040-220-2100-5220.

Under the grant, the maximum amount of reimbursement is \$384,608. To receive the maximum reimbursement, the County's total eligible operating expenses must be at least \$695,117 with the remainder from non-federal sources. The remaining transit operating expenses, which greatly exceed the local match requirements, will be paid for through Local Transportation Fund (LTF), State Transit Assistance (STA) fund, Measure R Transit Funds or another transit related funding source.

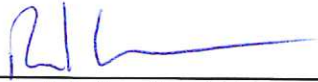

LINKAGE TO THE COUNTY OF TULARE STRATEGIC BUSINESS PLAN:

This program links to Strategic Initiative 1: Safety and Security includes the goal of improving and maintaining adequate transportation infrastructure. The proposed action meets this initiative by allowing for the application of federal funds for use in providing public transportation.
