Customer's failure to provide such security to SCE's satisfaction shall result in termination of this IFFOA.
- 8.11 Customer shall not be required to pay the Termination Charge specified in Section 8.9, herein if termination of the use of the Added Facilities is caused solely by SCE. Termination pursuant to Section 4.2 herein or Section 12.2 of the GFIA shall be deemed not to have been caused solely by SCE.
- 8.12 Should any amount billed pursuant to this IFFOA not be paid by Customer, SCE shall at any time be entitled to collect such amounts through an offset against any amount SCE may owe to Customer.

9. GENERAL PROVISIONS:

- 9.1 Unless otherwise provided for in this IFFOA, Interconnection Facilities connected to SCE's side of the Point of Common Coupling shall be provided, installed, owned, and maintained by SCE at Customer's expense in accordance with SCE's Rule 21.
- 9.2 SCE shall not be obligated to begin construction of Added Facilities prior to Customer's payment of all moneys due as described in Sections 6.2, 6.3, and 8.1, and 8.9 herein.
- 9.3 Where it is necessary to install Added Facilities, Distribution Upgrades or Network Upgrades on Customer's property, Customer hereby grants to SCE (a) the right to make such installation on Customer's property including installation of a line extension along the shortest practical route thereon and (b) the right of ingress to and egress from Customer's property as determined by SCE in its sole discretion for any purpose connected with the operation and maintenance of the Added Facilities, Distribution Upgrades or Network Upgrades. Customer shall provide rights-of-way or easements of sufficient space to provide legal clearance from all structures now or hereafter erected on Customer's property for any facilities of SCE.
- 9.4 Where formal rights-of-way or easements are required in, on, under, or over Customer's property or the property of others for the installation of the Added Facilities, SCE shall not be obligated to install the Added Facilities unless and until any necessary permanent

rights-of-way or easements, satisfactory to SCE, are granted without cost to SCE. Upon termination of this IFFOA in accordance with Section 4, SCE shall quitclaim all easements and rights of way in, on, under, and over Customer's property, which are, as determined by SCE in its sole discretion, no longer required by SCE due to the removal of its Added Facilities, Distribution Upgrades or Network Upgrades.

- 9.5 SCE shall not be responsible for any delay in completion of the installation of the Added Facilities, Distribution Upgrades or Network Upgrades including, but not limited to, delays resulting from shortage or labor or materials, strike, labor disturbances, war, riot, weather conditions, governmental rule, regulation, or order, including orders or judgments of any court or commission, delay in obtaining necessary rights-of-way and easements, act of God, or any other cause or condition beyond control of SCE. SCE shall have the right in the event it is unable to obtain materials or labor for all of its construction requirements, to allocate materials and labor to construction projects which it deems, in its sole discretion, most important to serve the needs of its customers, and any delay in construction hereunder resulting from such allocation shall be deemed to be a cause beyond SCE's control.
- 9.6 SCE shall not be liable for any loss, damage, or injury arising from SCE's installation, operation, maintenance, or control of the Added Facilities, unless such loss, damage, or injury results from SCE's sole negligence, and, in no event, shall SCE be liable for loss of profits, revenues, or other consequential damages. No adjustment shall be made to reduce billings if damages to, or malfunction of the Added Facilities results from any cause other than the negligence or willful act of SCE.
- 9.7 Added Facilities, Distribution Upgrades and Network Upgrades provided hereunder shall at all times remain the property of SCE.
- 9.8 This IFFOA supplements the appropriate application and contract(s) for electric service presently in effect between the Parties.
- 9.9 This IFFOA may not be assigned if such assignment would cause the Generating Facility identified in Section 2.1 to no longer comply with the provisions of California Public Utilities Code Section 2827 and SCE's NEM tariff. Customer may assign this IFFOA only with SCE's written consent. Such consent shall not be unreasonably withheld. Such assignment shall be deemed to include, unless otherwise specified therein, all of Customer's rights to any refunds, which might become due upon discontinuance of the use of any Added Facilities.

10. GOVERNING LAW

This IFFOA shall be interpreted, governed, and construed under the laws of the State of California as if executed and to be performed wholly within the State of California and shall, to the extent provided by law, at all times be subject to applicable tariff rules and modification of such rules as directed by the Commission in the exercise of its jurisdiction.

11. SIGNATURES

This IFFOA may be executed in counterparts, and by Electronic Signature on the part of SCE and/or the Customer, and copies of a Party's signed signature page may be transmitted to the other Party by facsimile or other electronic means. Copies of the signature page so transmitted may be used for the purpose of enforcing the terms of this IFFOA as though they were originals and will not be made inadmissible in any legal or regulatory proceeding concerning this IFFOA on the basis of the Best Evidence Rule or similar rule of admissibility.

IN WITNESS WHEREOF, the Parties hereto have caused this IFFOA to be executed by their duly authorized representatives. This IFFOA is effective as provided in Section 4.1 above.
