SUBJECT: SCE Interconnection Agreement for the Solar Project

REQUEST(S):

That the Board of Supervisors:

1. Approve the SCE Net Energy Metering and Renewable Electrical Generating Facility Interconnection Agreement for the Solar Project at the Bob Wiley Detention Facility, 36712 Road 112, Visalia, CA 93291.
2. Authorize the Chairman to sign the Agreements.

SUMMARY:

On June 12, 2018, the Board of Supervisors approved a Solar Project Purchase and Energy Storage Agreement to design, engineer, install, operate and maintain photovoltaic power generating systems and battery energy storage systems at seven (7) County sites for the period of twenty-five (25) years after the Final Commercial Operation Date.

Because the solar project at the Bob Wiley Detention Facility, will generate more than 1,000 kW, Southern California Edison (SCE) requires the County to enter into an interconnection agreement for each site, which governs the terms and conditions under which the County will interconnect with and operate in parallel with SCE's energy distribution system. Similar agreements will be necessary for sites in Pacific Gas & Electric's energy distribution areas. Therefore, it is requested that the Board approve the Interconnection Agreement and authorize the Chairman to sign.

The proposed Agreement has been approved as to form by County Counsel. The deviations from the County contract protocol are:
