NOW, THEREFORE, in consideration of the mutual promises, covenants and conditions herein and these Recitals, which are hereby incorporated herein by this reference, it is agreed by and among the Parties hereto as follows:

1. **Objectives.** The objectives of DEID GSA and the County in entering into this MOU are as follows:

(a) To achieve sustainable groundwater management pursuant to SGMA in those portions of the Tule Subbasin that are in the Management Area, over which the County currently serves as the GSA, and which the Parties intend to manage pursuant to and in compliance with DEID GSA's GSP.

(b) To work cooperatively with other GSAs within the Tule Subbasin to achieve sustainable groundwater management in the Tule Subbasin.

(c) To work together to establish a GSP that covers the Management Area while acknowledging the County's land use planning authority and the powers and authority of the DEID GSA. The County acknowledges that the DEID GSA will be responsible for drafting the GSP and that under the terms of this MOU, the DEID GSA's GSP shall apply to and cover the Management Area for the purposes of SGMA.

(d) To establish a process to ensure there are no conflicts between DEID GSA's GSP and the County's exercise of its land use planning authority and police powers.

2. **Precedence of County's Land Use Planning Authority.** DEID GSA agrees that its operations as a GSA, and any GSP adopted by DEID GSA, will not abrogate the County's General Plan or conflict with the County's exercise of its land use planning authority; provided, that the County's General Plan and the County's exercise of its land use planning authority comply with all applicable laws, statutes, and regulations. The County agrees that it will assist, as necessary and as allowed by law, the DEID GSA in the required enforcement of the GSP and SGMA requirements over the Management Area. The County acknowledges Water Code section 10726.4 and the ability of the GSP to require regulation of groundwater extractions in the Management Area if there is insufficient sustainable yield in the subbasin.

In order to prevent conflicts between the GSP and the County's General Plan and between DEID GSA's operations as a GSA and the County's exercise of its land use planning authority, the County shall have opportunities to provide, and DEID GSA shall consider, advisory input in the development and implementation of DEID GSA's GSP. The County shall designate a contact person ("Designated Contact Person") to whom DEID GSA shall provide written notices of opportunities to participate in SGMA implementation.

No fewer than 90 days before adopting or modifying the GSP or policies or procedures for the exercise of GSA powers, DEID GSA shall provide written notice to the Designated Contact Person. Within 30 days of receiving such notice, the Designated Contact Person may request consultation with DEID GSA's representative. Prior to the adoption or modification of the GSP or policies or procedures for the exercise of GSA powers, DEID GSA shall consider any comments or recommendations provided by the Designated Contact Person for the County, to achieve the goals of this MOU.

No fewer than 90 days prior to issuing, adopting, modifying, or approving any ordinance, policy, plan, or permit, or taking any other action related to groundwater resources within the Tule Subbasin, the County shall provide written notice to DEID GSA. Within 30 days of receiving such notice, DEID GSA may request a mandatory consultation with the County. (b) To the extent that DEID GSA incurs costs in either the development or implementation of a GSP applicable to, or in implementing SGMA within, the Management Area, the County shall provide proportional financial reimbursement to DEID GSA until such time as fees are studied, adopted and implemented to cover the Management Area. DEID GSA and the County agree to cooperate in the preparation and voting process to implement and enforce any required fees.

14. **Waiver.** The failure of any Party to insist on strict compliance with any

provision of this MOU shall not be considered a waiver of any right to do so, whether for that breach or any subsequent breach. The acceptance by any Party of either performance or payment shall not be considered to be a waiver of any preceding breach of the MOU by any other Party.

15. **Severability.** If any term or provision of this MOU is, to any extent, held invalid or unenforceable, the remainder of this MOU shall not be affected.

16. **Headings.** The subject headings of the sections of this MOU are included for purposes of convenience only and shall not affect the construction or interpretation of any of the provisions herein.

17. **Counterparts.** This MOU may be executed in any number of counterparts, each of which shall be an original, but all of which shall constitute one and the same instrument.

18. **Joint Powers Agreement Not Required.** It is understood and agreed by the Parties that the development and implementation of a GSP does not require the formation of a joint powers agency between their respective organizations.
