SUBJECT: Affirm Property Tax Revenue and Implementation of Assembly Bill 1265 (formerly Senate Bill 863) Regarding Williamson Act Contracts

REQUEST(S):

That the Board of Supervisors:

1. Affirm the finding that the County received less than one-half of the foregone property tax revenue pursuant to Government Code Sections 16142(e) and 16142.1(d) for the 2018-2019 Fiscal Year regarding the Williamson Act Subvention Program; and
2. Affirm implementation of AB 1265 pursuant Government Code Sections 51244(b) and Section 51244.3 for a reduction of property tax benefits by ten percent, and also pursuant to Government Code Section 51244(b) a related reduction of the term of the contracts to nine years (eighteen years for Farmland Security Zone contracts).

SUMMARY:

On October 25, 2011, the Tulare County Board of Supervisors adopted Assembly Bill (AB) 1265 provisions (Res. No. 2011-0797), making changes to the County's Williamson Act and Farmland Security Zone contracts that provided an opportunity for counties to offset a portion of the loss of Williamson Act Subvention funds. The legislation allowed eligible counties to re-capture 10 percent of the property tax benefits provided to the owners of Williamson Act contracted lands pursuant to Government Code Section 51244(b) and Section 51244.3. These provisions are

eligible during years when the state subvention payments to the County fall below 50% of the foregone General Fund property tax revenue as outlined in the provisions of Government Code Section 16142(e) and 16142.1(d).

Summary of Williamson Act Subvention Requirements

The California Land Conservation Act of 1965 (Williamson Act) was established to preserve agricultural land and open space, and to discourage premature conversion of agricultural land to urban uses. The Act enables local governments to enter into contracts with private landowners for the purpose of restricting specific parcels of land to agricultural or compatible uses, or related open space uses. In return, landowners receive reduced property tax assessments.

The Open Space Subvention Act (OSSA) was enacted on January 1, 1972, to provide for the partial reimbursement of local property tax revenue foregone as a result of participation in the California Land Conservation (Williamson) Act program. Subvention payments to participating Counties are calculated at \$5 per acre for prime, and \$1 per acre for nonprime Williamson Act contracted acreage, and \$8 per acre for farmland security zone acreage (Government Code sections 16142 and 16142.1). In Fiscal Year 2008-09, the state reduced its subvention payments to counties by 10% to assist in off-setting the state fiscal crisis (Government Code section 16142(d) and 16142.1(c)).

In order to qualify for subvention payments, Counties must submit an Annual Subvention Application to the Department of Conservation (DOC) which indicates any changes in acreage under Williamson Act or Farmland Security Zone contracts since the previous year. After review, the DOC certifies the application and the State Controller distributes subvention payments to counties on or before June 30 each year.

For many decades, State subvention payments to Tulare County and other counties defrayed much of the cost of the Williamson Act tax breaks to landowners. However, in 2009 an amendment to the State budget reduced Williamson Act Subvention payments to only \$1,000 (Tulare County's share was \$98). This essentially suspended subvention payments to the counties for fiscal year 2009-2010. As a result, some counties considered discontinuing their Williamson Act programs.

On October 19, 2010, Governor Brown signed Senate Bill 863 (SB 863), an urgency statute designed to partially replace the subvention funding for the Williamson Act program from January 1, 2011 through January 1, 2015. The legislation authorizes participating counties to reduce by 10% the property tax break that Williamson Act land owners receive in years when state subvention payments to the County fall below one half of the County's actual foregone General Fund property tax revenue (Government Code section 16142(e) and 16142.1(d)). This revenue goes to the

County General Fund. Other provisions of the legislation revise the term for Williamson Act contracts downward from 10 years to 9 years for a standard Williamson Act contract, and from 20 to 18 years for a Farmland Security Zone contract.

On November 30, 2010, the Tulare County Board of Supervisors adopted provisions of SB 863 (Reso. No. 2010-0926), one of eight California Counties to adopt the legislation in 2010. One of the provisions of the legislation was that landowners had until March 1, 2011 to decide to opt out of the program by filing a notice of nonrenewal. 13,393 Assessor's Parcel Numbers under Williamson Act contract were affected by SB 863 provisions. The list of APNs and owner names under contract were recorded with the County recorder, as required by the legislation. A provision of the legislation was that landowners be allowed to opt out of the program by filing a notice of Full Nonrenewal on or before March 1, 2011. Nine landowners filed notices of full nonrenewal on 18 parcels totaling 1382.26 acres between November 30, 2010 and March 1, 2011, allowing nonrenewal to begin January 1, 2011 and allowing these owners to opt out of the SB 863 provisions.

On March 24, 2011 Governor Brown signed SB 80 into law. This legislation repealed provisions of SB 863. On July 13, 2011, Governor Brown signed Assembly Bill (AB) 1265, reinstating the relevant Williamson Act, Revenue & Tax Code, and Open Space Subvention Act provisions found in Senate Bill 863.

Similar to SB 863, AB 1265 allows eligible counties to recapture 10 percent of the property tax break provided to owners of Williamson Act lands. AB 1265 was adopted by the Tulare County Board of Supervisors on October 25, 2011 (Reso. No. 2011-0797). By adopting provisions of SB 863, the County already met the requirements to enact AB 1265. Beginning January 1, 2011, in years when provisions of AB 1265 was implemented, the County received approximately \$2 million in General Fund revenue. AB 1265 is an interim measure pursuant to Government Code Sections 16142(e) and 16142.1(d), and was scheduled to end January 1, 2016.

On September 15, 2014 the Governor signed SB 1353 into law. This bill deleted the January 1, 2016 AB 1265 sunset date and thereby authorized a county to utilize the process for revising or entering into contracts so as to specify 9-year or 18-year terms indefinitely. The bill would additionally authorize a county to utilize that process for revising or entering into contracts for land subject to a farmland security zone contract. The bill also made conforming changes.

FISCAL IMPACT/FINANCING:

The 2019-2020 Fiscal Year Williamson Act Subvention Application Report indicates that Tulare County is eligible for \$3,416,056.21 in subvention funds. This amount was reduced by 10% by Government Code section 16142(d), for a revised subvention reimbursement of \$3,074,450.59 due to Tulare County. However, \$0 in subvention payment was received from the state in June 2012, 2013, 2014, 2015,

2016, 2017, 2018 and 2019. Since this amount is less than one half of the foregone revenue, the provisions of AB 1265 (former SB 863) as stated in Government Code section 16142(e) and 16142.1(d) are triggered.

The anticipated revenue to the County from the 10% reduction in Williamson Act land owner's tax break is \$3,707,619.52 This leaves a projected subvention reimbursement difference of \$633,168.93. The 2019-2020 Subvention Application Report in the amount of \$3,416,056.21 will be submitted to the state by the end of December 2018, following the Board's approval. If the state subvention payment to Tulare County is less than half of the County's foregone revenue, the provisions of AB 1265 as outlined in Government Code section 16142(e) and 16142.1(d) will again be enacted.
