SUBJECT: Approve the Annual Certification Statements for California Children’s Services and Child Health and Disability Prevention

REQUEST(S):
That the Board of Supervisors:

1. Approve the annual Certification Statements for California Children’s Services and Child Health and Disability Prevention programs to receive funding in an amount not to exceed \$7,050,469 retroactive from July 1, 2019 through June 30, 2020. The acceptance of funding and approval of the Certification Statements is retroactive due to not receiving the award documents and the California Children’s Services and Child Health and Disability Prevention requirements from the State until February 2020, making it impracticable for the Board to take action prior to July 1, 2019;
2. Find that the Board had authority to approve the annual Certification Statements as of July 1, 2019 and that it was in the County’s best interest to approve the statements on that date; and
3. Authorize the Chairman of the Board to sign one (1) copy each of the annual Child Health and Disability Prevention (CHDP) Program and California Children’s Services (CCS) Certification Statements.

SUMMARY:
California Children’s Services (CCS) is a State mandated program which provides diagnostic and treatment services, medical case management, and physical and occupational therapy services to children under the age of 21 with CCS-eligible conditions. Families must meet financial, residential, and medical eligibility

requirements. This program has an active caseload of over 5,242 clients.

The Child Health and Disability Prevention (CHDP) program, which is also a State mandated program, provides complete health assessments for the early detection and prevention of disease and disabilities in children and youth. Within the CHDP program, is the Health Care Program for Children in Foster Care, Psychotropic Medication Management Oversight, and a Caseload Relief allocation.

These are public health nursing programs to provide expertise in meeting the medical, dental, mental and developmental needs of children and youth in foster care. The eligible population for the CHDP program includes all Medi-Cal eligible children and youth from birth through 20 years of age and low-income non Medi-Cal eligible children or youth from birth through 18 years of age with family incomes at or below 200 percent of the federal poverty level. More than 8,500 CHDP visits were provided in Fiscal Year 2018-2019.

The Certification Statements are necessary in order to ensure that the local programs are aware that they may be subject to sanctions and other remedies if they do not comply with all applicable State and Federal laws and regulations, and the Plan and Fiscal Guidelines Manual.

FISCAL IMPACT/FINANCING:

Funding is provided through State and Federal allocations for Fiscal Year 2019/2020. The amount of \$7,050,469 allocated for the Children's Medical Service programs is included in the Fiscal Year 2019/2020 budget. Of that amount, \$5,444,155 is allocated for CCS programs and \$1,606,314 is allocated for the CHDP programs. The CCS allocation requires a County participation, Maintenance of Effort in the amount of \$571,155. CHDP does not require County General Funds. The State and Federal allocations combined with the County's participation are included in the Fiscal Year 2019/2020 budget. There is no additional net cost to the County General Fund.

LINKAGE TO THE COUNTY OF TULARE STRATEGIC BUSINESS PLAN:

CCS and CHDP programs meet the County's five-year strategic plan which includes the Quality of Life Initiative that links eligible needy children to low-cost or no cost healthcare coverage. This agreement will benefit the children of Tulare County by providing Health Care Services at no cost to clients. These services promote health and well-being to the residents of Tulare County.
