SUBJECT:

**CARES Act Funding Plan Update** 

### REQUEST(S):

That the Board of Supervisors:

- 1. Receive a presentation regarding revisions to the County of Tulare CARES Act Funding Plan use of \$48,938,000 of the Coronavirus Aid, Relief, and Economic Security Act funds due to the Coronavirus Disease 2019 public health emergency.
- 2. Approve the necessary budget adjustments per the attached AUD 308 (4/5ths vote required).

### **SUMMARY:**

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. This legislation authorizes more than \$2 trillion to combat the Coronavirus Disease 2019 (COVID-19) and its economic effects, including cash relief for individual citizens, loan programs for small business, support for hospitals, other medical providers, schools, and various types of economic relief for impacted businesses and industries.

The CARES Act established and appropriated \$150 billion to the Coronavirus Relief Fund (CRF) to be used to make payments for specified uses to states and certain local governments (counties and municipal governments) with populations of over 500,000. Tulare County did not receive initial CRF funding because its population is under 500,000. However, within the Governor's Enacted Budget, the County was allocated approximately \$48.9 million in CRF funding from the State's allocation for COVID-19 expenditures, impacts, and effects with respect to the public emergency.

**SUBJECT**: CARES Act Funding Plan Update

**DATE:** September 1, 2020

## **County of Tulare Revised CARES Act Funding Plan**

On July 14, 2020, the Board approved the County of Tulare CARES Act Funding Plan (Plan), which outlined the County's use of \$48,938,000 CARES Act funds deemed necessary to respond and mitigate the effects of the COVID-19 pandemic. The Plan includes guiding principles set forth by the County Administrative Officer for the use of CARES Act funds and allocates funding into the following categories:

- Local Government Support: \$29.8 million
   To modify Countywide facilities and operations in response to COVID-19.
- 2. Community Investment: \$16.6 million

  To provide economic relief to vulnerable members of the community who have been impacted by COVID-19.
- 3. Contingency: \$2.5 million

  To provide for unforeseen expenditures or impacts caused by COVID-19.

To centralize CARES Act funding procurement and administrative activities, the Board distributed funds to the Health & Human Services Agency (HHSA), Information and Communications Technology (TCiCT), and the General Services Agency (GSA) based on preliminary estimates. At the time, it was anticipated that the initial Plan would change as further information became available from departments, the community, the U.S. Treasury, and the State of California.

Over the past month and a half, the County Administrative Office has worked closely with HHSA, GSA, and TCiCT to further refine the proposed uses included in the initial plan. GSA and TCiCT met with all county departments to identify and prioritize county teleworking, facility modification, sanitization, and protective equipment and disinfectant needs. Similarly, HHSA consulted and partnered with various community advocates and non-profit organizations to establish a comprehensive community support and investment plan.

The result of these efforts is reflected in the revised CARES Act Funding budget (Attachment A) presented today. Staff note that while funding has shifted between the Plan's three major categories, the proposed budget remains true to the Plan's guiding principles and aims to build resilience and foster economic stability for county residents, employees, community-based organizations, and businesses.

# Contingency

The original \$2.5 million in Plan contingency funds were initially set aside for unforeseen expenditures related to the COVID-19 pandemic. Through the revision process, contingency funds were redistributed to local government support and community investment initiatives as needed and in accordance with the guiding

**SUBJECT**: CARES Act Funding Plan Update

**DATE:** September 1, 2020

principles of the Plan.

### **AUD 308**

It is requested that the Board approve adjustments to the distribution of Plan funding between departments in accordance with the proposed budget. Adjustments are reflected in the attached AUD 308 (Attachment B).

# **FISCAL IMPACT/FINANCING:**

Up to \$48.9 million of expenditures incurred by Tulare County due to the COVID-19 pandemic will be covered by CARES Act funding for Fiscal Years (FY) 2019/20 and 2020/21.

Departments that had eligible expenses incurred in FY 2019/20 have established a revenue accrual for CARES Act funding reimbursement, and the Board distributed the remaining CARES Act funds for FY 2020/21 to select county departments for ease of administration. Adjustments to the distribution of funds to the select departments are reflected in the attached AUD 308.

There is no Net County Cost to the General Fund.

# **LINKAGE TO THE COUNTY OF TULARE STRATEGIC BUSINESS PLAN:**

The County's five-year strategic plan includes the Safety and Security Initiative to provide for the safety and security of the public. The approval of the County of Tulare CARES Act Funding Plan for CRF funding addresses impacts, mitigations, emergency preparedness, responses, and effects caused by the public health emergency with respect to COVID-19.

#### **ADMINISTRATIVE SIGN-OFF:**

Jason T. Britt

County Administrative Officer
