**SUBJECT:** Approve a Capital Asset Purchase

**REQUEST(S):**  
That the Board of Supervisors:

1. Approve the capital asset purchase of one (1) Cisco Unified Computing System Blade Bundle in an amount not to exceed \$165,000;
2. Approve the necessary budget adjustments per the attached AUD 308 (4/5ths vote required).

**SUMMARY:**

The Cisco UCS B200 M5 Blade Server delivers performance, flexibility, and optimization for deployments in data centers, in the cloud, and at remote sites. This enterprise-class server offers market-leading performance, versatility, and density without compromise for workloads including virtual desktop infrastructure, web infrastructure, distributed databases, converged infrastructure, and enterprise applications.

As the County increases its use of virtual desktop infrastructure, cloud computing, and other on-demand computing, the need for additional local compute capacity will increase significantly. This proactive purchase of the Cisco Bundle will assist in meeting the need for additional capacity before the issue occurs, providing no interruption of services to departments during an uptick in the use of on-demand computing or other telework infrastructure.
