SCOPE OF WORK

Initial Inspections:

In the best interest of the State, in accordance with California Business and Professions Code Section 13434, and under the authority of the Secretary of the Department of Food and Agriculture (CDFA); the Division of Measurement Standards (Division) and the County of Tulare agree to the following:

An initial inspection is the first inspection in the fiscal year of a location where the **primary** business is the sale of petroleum products (i.e., retail service stations, distributors of engine fuels, oils, quick-lube shops, etc.).

An initial inspection shall include the verification of compliance with the appropriate provisions of the Business and Professions Code and California Code of Regulations relating to the advertising and labeling of petroleum and automotive products, and to verify compliance with the provisions of Section 13660 at the location. Inspection reports shall be made for each establishment inspected on forms supplied by or approved by the Division containing legible heading and violation information. Two copies of the inspection reports shall be sent to the regional field office. The original inspection reports shall be maintained at said county Office of Weights and Measures for three years and be made available to the Department of Food and Agriculture, Division of Measurement Standards, upon request.

The Department will pay said County \$75.00 for each initial inspection of establishments selling or distributing petroleum and/or automotive products; provided the inspection is done to determine compliance with California Business and Professions Code, Division 5, Chapters 14, 14.5 and 15. The total allocation to said County for these inspections shall not exceed \$12,075 for this agreement. This represents 161 initial inspections per fiscal year.

Inspection Requirements

The Division reserves the rights to, at its discretion, assign and direct the county to take designated samples of bulk automotive or petroleum products for the purpose of marketplace surveys. The locations visited for the purpose of obtaining these designated samples shall be counted as inspections authorized by this agreement and will be paid at \$75.00 per location. The assigned number of inspections at brake shops, quick-lube shops, and other retail establishments selling bulk petroleum products or automotive products shall not exceed 10% of the total annual initial inspections authorized. Prior to being assigned sampling duties, the Division will provide training in the proper sampling and sample tag/chain of evidence completion procedures. Unless directed otherwise, all

samples are to be submitted to the Division's Sacramento laboratory.

Sample containers and subvention sample identification tags will be provided by the Division. Payment for samples and transportation of the sample to the Division's Sacramento laboratory shall be the responsibility of said County. The color coded subvention sample identification tags must be used on subvention samples to identify them for reimbursement verification. Said County will use the inspection and sampling procedures outlined in the Division of Measurement Standards' "Petroleum Products Inspection and Sampling Procedure Manual." Off sale of samples not meeting product specifications shall be the responsibility of the County or the Division, if requested to do so by the County, and will be handled in accordance with the guidelines established in the Division's "Citation Procedure Manual."

Nothing in this agreement prevents or precludes Division staff from performing routine location inspections within the county. The Division also reserves the right to do random re-inspections of locations that were billed for by the County. These re-inspections will be performed by Division staff for the purpose of evaluating the work of the county. Enforcement action, if needed, will be taken by Division staff following the "Citation Procedure Manual" guidelines. The county will be notified when Division staff is performing location inspections within the county.

Said County agrees that appropriate enforcement action shall be taken upon discovery of violation(s) at the location being inspected. The enforcement actions will be handled in accordance with the guidelines established in the Division's "Citation Procedure Manual." When an enforcement action other than the issuance of a Notice of Violation (NOV) is specified and said county is unable or fails to take that action, the Division shall take the specified enforcement action. Payment for the inspection will be withheld if enforcement action is not taken against the violator.

SCOPE OF WORK

Initial Audit Inspections:

The CDFA will pay the County of Tulare \$75.00 for each initial audit inspection of an establishment licensed as a weighmaster; provided the inspection is done to determine compliance with California Business and Professions Code, Division 5, Chapter 7 and California Code of Regulations, Title 4, Division 9, Chapter 9. The total allocation to the County for these inspections shall not exceed \$2850 for this agreement. This represents 38 initial inspections per fiscal year or approximately 20% of the licensed locations in the County.

An initial audit inspection is the first audit inspection in the fiscal year of a business location that is operating as a licensed weighmaster.

Locations to be visited for initial audit inspections shall be chosen from those licensees that have not been inspected in the proceeding four (4) years. The exception to this will be a county that has a limited number of licensed locations that would not permit it. When a location is found to be out of business, an audit report form shall be completed indicating that the location is no longer in business. **Out of business locations are not billable. An alternate location shall be selected for an audit.**

Verification Inspections:

The CDFA will also pay the County in accordance with the following rate schedule for the indicated type of verification inspections; provided the inspection is done to determine compliance with California Business and Professions Code, Division 5, Chapter 7 and California Code of Regulations, Title 4, Division 9, Chapter 9. The total allocation to the County for these inspections shall not exceed \$2850 for this agreement.

Common Tare Weights @ \$75.00 each

Predetermined Individual Tare Weights @ \$37.50 each

Seasonal Tare Weights (Cab Cards) @ \$37.50 each

Follow-up Audit Inspection to verify previous "substantial" violations are corrected @ \$75.00 each

Undercover Purchases/Sales (excluding CRV containers) at businesses licensed under Chapter 7 @ \$75.00 each

Verified unlicensed weighmaster location that licensed as a result of a documented county informational visit – must verify they have become licensed and include license number on invoice for payment @ \$37.50 each

Inspection Requirements:

Any inspection shall include the verification of compliance with the appropriate provisions of the Business and Professions Code and the California Code of Regulations relating to weighmasters at the location. Inspection reports shall be made for each establishment inspected on forms supplied by the Division of Measurement Standards (Division). The original inspection reports shall be maintained at the County Office of Weights and Measures for three years and be made available to the Department of Food and Agriculture, Division of Measurement Standards, upon request.

The Division reserves the rights to, at its discretion, assign and direct the County to inspect the specified Weighmaster licensees for the purpose of marketplace surveys or follow up inspections. The locations visited for the purpose of performing these designated inspections shall be counted as inspections authorized by this agreement. The assigned number of inspections shall not exceed 10% of the total annual initial inspections authorized.

The Division reserves the right to do random re-inspections of locations that were billed for by the County. These re-inspections will be performed by Division staff for the purpose of evaluating the work of the County. Enforcement action, if needed, will be taken by Division staff following the "Citation Procedure Manual" guidelines.

The County will use the inspection procedures outlined in the Division's "Weighmaster Enforcement Program Procedure Manual."

The County agrees that appropriate enforcement action shall be taken upon discovery of violation(s) at the location being inspected. The enforcement actions will be handled in accordance with the guidelines established in the Division's "Citation Procedure Manual." When an enforcement action other than the issuance of a Notice of Violation (NOV) is specified and the County is unable or fails to take action, the Division shall take the specified enforcement action. Payment for the inspection will be withheld if enforcement action is not taken against the violator.

c. If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the bid price, less the expenses incurred in obtaining that portion of the recovery. Government Code Section 4553.

d. Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action. The Contractor agrees to be as fully responsible to the State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor. The Contractor's obligation to pay its subcontractors is an independent obligation from the State's obligation to make payments to the Contractor. As a result, the State shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

5. **Right To Terminate**

The State reserves the right to terminate this Agreement without cause subject to 30 days written notice to the Contractor. However, this Agreement can be immediately terminated by the State for cause.
