Joaquin Valley College's programs. Tulare County HHSA currently allows students the opportunity to gain work experience in their selected fields of study. Students are used to enhance county programs, and are not to displace allocated staff. Students are allowed to intern as non-paid, paraprofessional seeking hours for licensure in their field of expertise. Past programs have been provided for Nursing candidates. This program is also beneficial to the enhancement of the County recruitment process by encouraging students to join the Program with the hopes of future employment. All functions of the program are conducted in accordance with County and Agency policy and procedural guidelines. Students are utilized in various areas within the Agency such as Nursing, Social Work, and Physician's Assistants. These classifications are all considered hard to fill and this tool is a positive way to recruit future employees.

FISCAL IMPACT/FINANCING:

There is no cost to HHSA associated with this Program. No Net County Cost.

LINKAGE TO THE COUNTY OF TULARE STRATEGIC BUSINESS PLAN:

The County's five-year strategic plan includes the Economic Well-Being initiative that promotes a quality standard of living by collaborating in developing and sustaining a well-qualified labor pool. This agreement increases the ability to fulfill this obligation.

ALTERNATIVES:

The Board could choose not to approve this Agreement, but that is not recommended because the benefits of providing these services lie in accordance with the Strategic Plan of Tulare County.

INVOLVEMENT OF OTHER DEPARTMENTS OR AGENCIES:

This Agreement has been approved as to form by County Counsel and no changes have been made since this approval.
