## Declaring April 7-13, 2008 as Tulare County Public Health Week

WHEREAS, the Tulare County Public Health Week campaign will be celebrated April 7-13, 2008, as an opportunity to engage the community with its theme: "Planning and Promoting a Healthier Tomorrow;" and

WHEREAS, National Public Health Week is now celebrated in 46 states and by 60 percent of local health departments; and

WHEREAS, the goal during this week is to facilitate preventative health events and enhance awareness of services that are available to all residents in Tulare County; and

WHEREAS, over the past century, advancements in public health have dramatically improved the lives of all Tulare County residents. Children born today can expect to live forty years longer than those born in 1900, largely due to public health achievements including clean water, safe foods, immunizations and the creation of tobacco-free spaces; and

WHEREAS, public health efforts alone cannot accomplish the goal of a healthier Tulare County without cooperation and partnership with communities and individuals; and

NOW, THEREFORE, BE IT RESOLVED THAT the Board of Supervisors of the County of Tulare hereby proclaims the week of April 7-13, 2008 as "Public Health Week" in Tulare County and urges all citizens to join in activities which make a visible statement that we are strongly committed to healthy people in healthy communities.
