For a valuable consideration, receipt of which is hereby acknowledged,

The TULARE COUNTY REDEVELOPMENT AGENCY ("Grantor"), acting to carry out its powers to administer grants and loans for affordable housing and other public purposes, hereby grants to Ulisses Trevino Jr. and Johanna Orijel, as Joint Tenants, ("Grantee" or "Purchaser") the real property described in **Attachment 1** ("Property") attached hereto and incorporated herein, subject to the existing easements, restrictions and covenants of record.

Grantee understands that one of Grantor's purposes is to provide affordable housing to residents of the County of Tulare. In this regard, Grantor operates a program to provide deferred payment loans and below market rate loans to preserve affordable housing. In order to maintain Grantor's ability to provide affordable housing, Grantor has agreed to covey the Property subject to, and Grantee has agreed to be bound by, covenants, conditions, and restrictions limiting Grantees right to use and resell the Property by establishing resale, financing, and occupancy restrictions; and by reserving Grantor an option to designate eligible subsequent purchasers.

NOW, THEREFORE, the following Covenants, Conditions, and Restrictions ("Restrictive Covenants") shall run with the land:

1. <u>Loan Agreement</u>. The Property is conveyed pursuant to the Loan Agreement entered into between Grantor and Grantee dated June 8, 2011 (the "Agreement"), a copy of which is on file with Grantor at its offices as a public record and which is incorporated herein by reference.

- 2. <u>Single Family Residence: Residency</u>. Purchaser hereby covenants and agrees for itself, its successors, its assigns, and every successor in interest to the Property, or any part thereof, that for a period of forty-five (45) years Purchaser, such successors and such assigns, shall maintain and use the Property only as a single-family residence and that Purchaser will occupy the Property as his/her principal place of residence. Purchaser shall be considered as occupying the Property as a principal place of residence if Purchaser is living on the Property for at least ten (10) months out of each calendar year. The Property may not be subleased or rented.
- 3. Restrictions on Transfer. Any transfer of the Property shall be subject to the provisions of these Restrictive Covenants. Transfer shall mean any voluntary or involuntary sale, assignment or transfer of ownership of the Property or of any interest in the Property, including, but not limited to, a fee simple interest, a joint tenancy interest, a life estate, a leasehold interest, or an interest evidenced by a land contract by which possession of the Property is transferred but title is retained by the transferor; except that Transfer shall not mean any of the following:
- (a) As to any Purchaser who at the time of the purchase took title to the Property by him/herself but subsequently marries or files a Declaration of Domestic Partnership:
- (1) a transfer of the Property without consideration from the Purchaser to the Purchaser and the Purchaser's spouse/domestic partner whereby title to the Property is then held by the Purchaser and Purchaser's spouse/domestic partner; or
- (2) a devise or inheritance of the Property to the Purchaser's spouse/domestic partner, whether as a surviving joint tenant or otherwise; or
- (3) as part of dissolution of marriage/termination of domestic partnership proceedings, the transfer of the Property from the Purchaser to the Purchaser's spouse/domestic partner provided, however, that the spouse/domestic partner qualifies, at the time of the transfer, as subsequent purchaser under these Restrictive Covenants.
- (b) As to any Purchaser(s) who at the time of the purchase took title jointly (whether as joint tenants, tenants in common, as community property, or otherwise):
- (1) a device or inheritance of the Property to the surviving Purchaser; or
- (2) as part of dissolution of marriage or other legal proceedings (such as a termination of domestic partnership), the transfer of the Property from one Purchaser to the other Purchaser.

- 4. <u>Maintenance of Property</u>. For a period of thirty (30) years, Purchaser shall maintain the Property and improvements thereon, including landscaping and yard areas, in good condition and repair, free from the accumulation of debris and waste materials, consistent with community standards and in compliance with all applicable codes, including County of Tulare ordinances. If not so maintained, Grantor may notify Purchaser of such conditions and of a reasonable time to correct the conditions. For landscaping and yard maintenance, a reasonable time shall be considered five (5) days. If the conditions are not corrected within the time provided, Agency may perform the necessary maintenance at the expense of the Purchaser which expense will become a debt due and owing the Grantor. If the debt is not paid within ten (10) days of notice, the debt may be placed as a lien on the Property.
- 5. <u>Timely Payment of Loans, Taxes, and Assessments</u>. Purchaser shall timely pay, and prior to default, all monetary obligations secured by the Property, including without limitation all loan obligations, property taxes and assessments.
- 6. <u>Nondiscrimination</u>. Purchaser agrees for itself and any successor in interest not to discriminate upon the basis of race, color, creed, religion, sex, marital status, age, disability, national origin, or ancestry, in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the Property or any part thereof. Purchaser covenants by and for itself, its successors and assigns, and all persons claiming under or through them that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, marital status, age, disability, national origin, or ancestry, in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the Property or any part thereof, nor shall Purchaser itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, sub-tenants, sublessees, or vendees in the Property.
- 7. Notice of Transfer or Refinancing. For a period of forty-five (45) years, in the event Purchaser intends to transfer or to refinance the Property, Purchaser shall promptly notify Grantor in writing of such intent. For purposes of these Restrictive Covenants, refinance includes a home equity loan or similar line of credit by which the Property secures the promissory note for the loan/line of credit. Prior to executing any documents affecting a transfer or refinancing, Purchaser shall send the notice (hereinafter referred to as the "Notice of Intent to Transfer or Refinance") by certified mail return receipt requested, to the Tulare County Redevelopment Agency, 5961 S. Mooney Boulevard, Visalia, California 93277. Purchaser has the right to withdraw the Notice of Intent to Transfer or Refinance prior to the opening of an escrow to purchase the Property or prior to the recording of any financing documents.
- 8. <u>Defaults and Remedies</u>. Upon a violation of any of the provisions of these Restrictive Covenants, Grantor shall give written notice to Purchaser by certified mail return receipt requested, specifying the nature of the violation. If the violation is not corrected to the satisfaction of within a reasonable period of time, not longer than thirty

- (30) days after the date the notice is mailed, or within such further time as Grantor determines is necessary to correct the violation, Grantor may declare a default under these Restrictive Covenants. Upon declaration of a default, Grantor may apply to a court of competent jurisdiction for any appropriate relief at law or in equity.
- 9. <u>Invalid Provisions</u>. If any one or more of the provisions contained in these Restrictive Covenants shall for any reason be held to be invalid, illegal or unenforceable in any respect then such provision or provisions shall be deemed severable from the remaining provisions contained in these Restrictive Covenants, and these Restrictive Covenants shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.
- 10. <u>Controlling Law</u>. The terms of these Restrictive Covenants shall be interpreted under the laws of the State of California.

or such other address that the Grantor may subsequently request in writing. Notices to the Purchaser shall be sent by certified mail return receipt requested to the Property address.

- 12. <u>Interpretation of Restriction Covenants</u>. The terms of these Restrictive Covenants shall be interpreted to encourage to the extent possible that the purchase price of and mortgage payments for the Property remain affordable to moderate, low, very low, extremely low income households.
- 13. <u>Consent of Grantor to Change terms</u>. No changes may be made to these Restrictive Covenants without the written consent of Grantor. Grantor shall be considered a third party beneficiary to these restrictive Covenants.

LOAN AGREEMENT COVENANT RUNNING WITH THE LAND and GRANT OF LIEN (PAYABLE ONLY UPON SALE OR TRANSFER)

THIS AGREEMENT is entered into as of June 8, 2011, between the Tulare County Redevelopment Agency, referred to as AGENCY, and Ulisses Trevino Jr. and Johanna Orijel, collectively hereinafter referred to as OWNERS, whose property shall hereinafter mean and include the land described in Exhibit A attached hereto and incorporated herein by this reference, and the housing and other improvements to be constructed on the land, referred to as the PROPERTY.

"OWNERS" shall include the singular or the plural to represent all owners of the PROPERTY.

OWNERS do hereby grant a lien to and covenant with the AGENCY as a covenant running with the land, enforceable by the AGENCY, as follows:

The OWNERS are a person or persons of moderate-, low-, or very low-income, as determined by the standards established by the Department of Housing and Urban Development (HUD). The OWNERS hereby acknowledge the receipt of financial assistance, services, repairs, and improvements or other benefits provided or paid for by the AGENCY, which assistance has heretofore been made, or is intended to be made following the execution of this Agreement, or both, to the PROPERTY occupied by OWNERS, as his, her or their primary residence and covenant running with the land as to the PROPERTY, for the purposes and subject to the terms and conditions set forth hereinafter.

THIS AGREEMENT MAY CONSTITUTE A LIEN ON THE PROPERTY.

OWNERS covenant and agree that the PROPERTY shall be used and occupied as the primary residence of himself, herself or themselves, and further agrees that in the event the PROPERTY is transferred or sold, any such transfer shall be subject to the lien and covenant granted to the AGENCY by this Agreement. This Agreement is intended to assure that the PROPERTY

covered hereby shall be used as the primary residence of a person or persons of moderate-, low-or very low-income, as determined by the standards established by HUD.

THERE SHALL BE NO SALE OR OTHER TRANSFER OF THE PROPERTY WITHOUT PRIOR WRITTEN CONSENT OF THE COUNTY.

The following transfers of title to the PROPERTY or any interest therein are not subject to the AGENCY'S prior approval: transfer by gift, devise or inheritance to the spouse of the OWNERS of the PROPERTY; transfer resulting from the death of the OWNERS when the transfer is to a co-owner or joint tenant; transfer of title to a spouse resulting from divorce, decree or dissolution or legal separation or from a property settlement agreement incidental to such a decree in which one of the OWNERS becomes the sole owner; acquisition of title to the PROPERTY or interest therein in conjunction with marriage; a transfer between co-owners or a transfer by OWNERS into an inter vivos trust in which OWNERS is a beneficiary and OWNERS continues to occupy the PROPERTY.

In the event the lien and covenant is violated, and the PROPERTY is sold or otherwise transferred to a person or persons not so qualifying from the standpoint of income or primary occupancy, the AGENCY shall be entitled to recover from OWNERS, Transferee or Buyer, or any or all of them, the amount representing that portion of the sales price or that portion of the value of the PROPERTY transferred representing the amounts contributed by the investment of the AGENCY in repairs and improvements or other financial assistance to the PROPERTY which was paid for from AGENCY Affordable Housing Funds, including amounts advanced prior to the date of this instrument, on the date of this instrument, and subsequent to the date of this instrument.

TERM:

This Agreement shall remain in full force and effect until forty-five (45) years from the date of the latest investment of AGENCY Affordable Housing Funds for repairs or improvements to the PROPERTY, or until such earlier date as this Lien and Covenant Agreement is released by the AGENCY.

The parties do further recognize as an additional purpose of this Agreement that the AGENCY is interested in encouraging the continued occupancy of the PROPERTY as the primary residence of persons of moderate-, low- or very low-income and to encourage sale or transfer to such a person or persons at a lower cost than might be charged by the OWNERS to sell the PROPERTY to a non-qualifying buyer.

No building or improvement upon the PROPERTY shall be removed from its present location without the written consent of the AGENCY, which written consent will not be unreasonably refused.

In the event the PROPERTY is or becomes in such condition as to be classified as substandard housing, the AGENCY shall have the option at the time of any proposed transfer or sale by OWNERS, his, her or their heirs, administrators, executors and assigns, or his, her or their

successors in interest, to buy the PROPERTY from OWNERS and take title to the PROPERTY and pay to the OWNERS the reasonable value of OWNERS' interest in such PROPERTY, after deduction of amounts due to the AGENCY. The AGENCY shall have no obligation to consent to the sale or transfer of substandard housing, and shall have the right to enforce this Option Agreement at the time of any such proposed transfer or sale, or at any time after any such transfer or sale when the AGENCY becomes aware of such transfer or sale.

This Covenant shall apply to, and continue to run with the land described herein, unless and until released by the AGENCY. Any sale or transfer of the PROPERTY without full compliance with the terms hereof shall be deemed a violation of this Covenant, in which event the grantors, their heirs, executors, administrators and assignees, and any other successor in interest to the PROPERTY, shall be liable to the AGENCY for all reasonable costs and attorney fees reasonably necessary to seek abatement and/or enforcement of the terms of this Covenant, or to recover funds invested from the AGENCY'S Affordable Housing Fund. This Covenant shall remain in full effect unless and until released by the AGENCY, or its successor.

THE PARTIES, having read and considered the above provisions, indicate their agreement by their authorized signatures below.

BUYER'S INSPECTION ADVISORY

(C.A.R. Form BIA-A, Revised 10/02)

Property Address: Lot#3 of APN107-190-005-Jasmine Ave, Ivanhoe CA 93235

("Property").

- A. IMPORTANCE OF PROPERTY INVESTIGATION: The physical condition of the land and improvements being purchased is not guaranteed by either Seller or Brokers. For this reason, you should conduct thorough investigations of the Property personally and with professionals who should provide written reports of their investigations. A general physical inspection typically does not cover all aspects of the Property nor items affecting the Property that are not physically located on the Property. If the professionals recommend further investigations, including a recommendation by a pest control operator to inspect inaccessible areas of the Property, you should contact qualified experts to conduct such additional investigations.
- B. BUYER RIGHTS AND DUTIES: You have an affirmative duty to exercise reasonable care to protect yourself, including discovery of the legal, practical and technical implications of disclosed facts, and the investigation and verification of information and facts that you know or that are within your diligent attention and observation. The purchase agreement gives you the right to investigate the Property. If you exercise this right, and you should, you must do so in accordance with the terms of that agreement. This is the best way for you to protect yourself. It is extremely important for you to read all written reports provided by professionals and to discuss the results of inspections with the professional who conducted the inspection. You have the right to request that Seller make repairs, corrections or take other action based upon items discovered in your investigations or disclosed by Seller. If Seller is unwilling or unable to satisfy your requests, or you do not want to purchase the Property in its disclosed and discovered condition, you have the right to cancel the agreement if you act within specific time periods. If you do not cancel the agreement in a timely and proper manner, you may be in breach of contract.
- C. SELLER RIGHTS AND DUTIES: Seller is required to disclose to you material facts known to him/her that affect the value or desirability of the Property. However, Seller may not be aware of some Property defects or conditions. Seller does not have an obligation to inspect the Property for your benefit nor is Seller obligated to repair, correct or otherwise cure known defects that are disclosed to you or previously unknown defects that are discovered by you or your inspectors during escrow. The purchase agreement obligates Seller to make the Property available to you for investigations.
- D. BROKER OBLIGATIONS: Brokers do not have expertise in all areas and therefore cannot advise you on many items, such as soil stability, geologic or environmental conditions, hazardous or illegal controlled substances, structural conditions of the foundation or other improvements, or the condition of the roof, plumbing, heating, air conditioning, electrical, sewer, septic, waste disposal, or other system. The only way to accurately determine the condition of the Property is through an inspection by an appropriate professional selected by you. If Broker gives you referrals to such professionals, Broker does not guarantee their performance. You may select any professional of your choosing. In sales involving residential dwellings with no more than four units, Brokers have a duty to make a diligent visual inspection of the accessible areas of the Property and to disclose the results of that inspection. However, as some Property defects or conditions may not be discoverable from a visual inspection, it is possible Brokers are not aware of them. If you have entered into a written agreement with a Broker, the specific terms of that agreement will determine the nature and extent of that Broker's duty to you. YOU ARE STRONGLY ADVISED TO INVESTIGATE THE CONDITION AND SUITABILITY OF ALL ASPECTS OF THE PROPERTY. IF YOU DO NOT DO SO, YOU ARE ACTING AGAINST THE ADVICE OF BROKERS.
- E. YOU ARE ADVISED TO CONDUCT INVESTIGATIONS OF THE ENTIRE PROPERTY, INCLUDING, BUT NOT LIMITED TO THE FOLLOWING:
 - 1. GENERAL CONDITION OF THE PROPERTY, ITS SYSTEMS AND COMPONENTS: Foundation, roof, plumbing, heating, air conditioning, electrical, mechanical, security, pool/spa, other structural and non-structural systems and components, fixtures, built-in appliances, any personal property included in the sale, and energy efficiency of the Property. (Structural engineers are best suited to determine possible design or construction defects, and whether improvements are structurally sound.)
 - 2. SQUARE FOOTAGE, AGE, BOUNDARIES: Square footage, room dimensions, lot size, age of improvements and boundaries. Any numerical statements regarding these items are APPROXIMATIONS ONLY and have not been verified by Seller and cannot be verified by Brokers. Fences, hedges, walls, retaining walls and other natural or constructed barriers or markers do not necessarily identify true Property boundaries. (Professionals such as appraisers, architects, surveyors and civil engineers are best suited to determine square footage, dimensions and boundaries of the Property.)
 - 3. WOOD DESTROYING PESTS: Presence of, or conditions likely to lead to the presence of wood destroying pests and organisms and other infestation or infection. Inspection reports covering these items can be separated into two sections: Section 1 identifies areas where infestation or infection is evident. Section 2 identifies areas where there are conditions likely to lead to infestation or infection. A registered structural pest control company is best suited to perform these inspections.
 - 4. SOIL STABILITY: Existence of fill or compacted soil, expansive or contracting soil, susceptibility to slippage, settling or movement, and the adequacy of drainage. (Geotechnical engineers are best suited to determine such conditions, causes and remedies.)

DISCLOSURE REGARDING REAL ESTATE AGENCY RELATIONSHIP

(Selling Firm to Buyer) (As required by the Civil Code) (C.A.R. Form AD, Revised 11/09)

When you enter into a discussion with a real estate agent regarding a real estate transaction, you should from the outset understand what type of agency relationship or representation you wish to have with the agent in the transaction.

SELLER'S AGENT

A Seller's agent under a listing agreement with the Seller acts as the agent for the Seller only. A Seller's agent or a subagent of that agent has the following affirmative obligations:

To the Seller: A Fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Seller.

To the Buyer and the Seller:

(a) Diligent exercise of reasonable skill and care in performance of the agent's duties.

(b) A duty of honest and fair dealing and good faith.

(c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the parties. An agent is not obligated to reveal to either party any confidential information obtained from the other party that does not involve the affirmative duties set forth above.

BUYER'S AGENT

A selling agent can, with a Buyer's consent, agree to act as agent for the Buyer only. In these situations, the agent is not the Seller's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Seller. An agent acting only for a Buyer has the following affirmative obligations:

To the Buyer: A fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Buyer.

To the Buyer and the Seller:

- (a) Diligent exercise of reasonable skill and care in performance of the agent's duties.
- (b) A duty of honest and fair dealing and good faith.

(c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the parties.

An agent is not obligated to reveal to either party any confidential information obtained from the other party that does not involve the affirmative duties set forth above.

AGENT REPRESENTING BOTH SELLER AND BUYER

A real estate agent, either acting directly or through one or more associate licensees, can legally be the agent of both the Seller and the Buyer in a transaction, but only with the knowledge and consent of both the Seller and the Buyer.

In a dual agency situation, the agent has the following affirmative obligations to both the Seller and the Buyer:

(a) A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either the Seller or the Buyer.

(b) Other duties to the Seller and the Buyer as stated above in their respective sections.

In representing both Seller and Buyer, the agent may not, without the express permission of the respective party, disclose to the other party that the Seller will accept a price less than the listing price or that the Buyer will pay a price greater than the price offered.

The above duties of the agent in a real estate transaction do not relieve a Seller or Buyer from the responsibility to protect his or her own interests. You should carefully read all agreements to assure that they adequately express your understanding of the transaction. A real estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional.

Throughout your real property transaction you may receive more than one disclosure form, depending upon the number of agents assisting in the transaction. The law requires each agent with whom you have more than a casual relationship to present you with this disclosure form. You should read its contents each time it is presented to you, considering the relationship between you and the real estate agent in your specific transaction.

This disclosure form includes the provisions of Sections 2079.13 to 2079.24, inclusive, of the Civil Code set forth on page 2. Read it carefully. I/WE ACKNOWLEDGE RECEIPT OF A COPY OF THIS DISCLOSURE AND THE PORTIONS OF THE CIVIL CODE PRINTED ON THE BACK (OR A SEPARATE PAGE).

CIVIL CODE SECTIONS 2079.13 THROUGH 2079.24 (2079.16 APPEARS ON THE FRONT)

2079.13 As used in Sections 2079.14 to 2079.24, inclusive, the following terms have the following meanings:

(a) "Agent" means a person acting under provisions of title 9 (commencing with Section 2295) in a real property transaction, and includes a person who is licensed as a real estate broker under Chapter 3 (commencing with Section 10130) of Part 1 of Division 4 of the Business and Professions Code, and under whose license a listing is executed or an offer to purchase is obtained. (b) "Associate licensee" means a person who is licensed as a real estate broker or salesperson under Chapter 3 (commencing with Section 10130) of Part 1 of Division 4 of the Business and Professions Code and who is either licensed under a broker or has entered into a written contract with a broker to act as the broker's agent in connection with acts requiring a real estate license and to function under the broker's supervision in the capacity of an associate licensee. The agent in the real property transaction bears responsibility for his or her associate licensees who perform as agents of the agent. When an associate licensee owes a duty to any principal, or to any buyer or seller who is not a principal, in a real property transaction, that duty is equivalent to the duty owed to that party by the broker for whom the associate licensee functions. (c) "Buyer" means a transferee in a real property transaction, and includes a person who executes an offer to purchase real property from a seller through an agent, or who seeks the services of an agent in more than a casual, transitory, or preliminary manner, with the object of entering into a real property transaction. "Buyer" includes vendee or lessee. (d) "Dual agent" means an agent acting, either directly or through an associate licensee, as agent for both the seller and the buyer in a real property transaction. (e) "Listing agreement" means a contract between an owner of real property and an agent, by which the seller and the buyer in a real property or to find or obtain a buyer. (f) "Listing agent" means a person who has obtained a listing of real property torough the listing agent. (h) "O

2079.14 Listing agents and selling agents shall provide the seller and buyer in a real property transaction with a copy of the disclosure form specified in Section 2079.16, and, except as provided in subdivision (c), shall obtain a signed acknowledgement of receipt from that seller or buyer, except as provided in this section or Section 2079.15, as follows: (a) The listing agent, if any, shall provide the disclosure form to the seller prior to entering into the listing agreement. (b) The selling agent shall provide the disclosure form to the seller as soon as practicable prior to presenting the seller with an offer to purchase, unless the selling agent previously provided the seller with a copy of the disclosure form pursuant to subdivision (a). (c) Where the selling agent does not deal on a face-to-face basis with the seller, the disclosure form prepared by the selling agent may be furnished to the seller (and acknowledgement of receipt obtained for the selling agent from the seller) by the listing agent, or the selling agent may deliver the disclosure form by certified mail addressed to the seller at his or her last known address, in which case no signed acknowledgement of receipt is required. (d) The selling agent shall provide the disclosure form to the buyer as soon as practicable prior to execution of the buyer's offer to purchase, except that if the offer to purchase is not prepared by the selling agent, the selling agent shall present the disclosure form to the buyer not later than the next business day after the selling agent receives the offer to purchase from the buyer.

2079.15 In any circumstance in which the seller or buyer refuses to sign an acknowledgement of receipt pursuant to Section 2079.14, the agent, or an associate licensee acting for an agent, shall set forth, sign, and date a written declaration of the facts of the refusal.

2079.16 Reproduced on Page 1 of this AD form.

2079.17 (a) As soon as practicable, the selling agent shall disclose to the buyer and seller whether the selling agent is acting in the real property transaction exclusively as the buyer's agent, exclusively as the seller's agent, or as a dual agent representing both the buyer and the seller. This relationship shall be confirmed in the contract to purchase and sell real property or in a separate writing executed or acknowledged by the seller, the buyer, and the selling agent prior to or coincident with execution of that contract by the buyer and the seller, respectively. (b) As soon as practicable, the listing agent shall disclose to the seller whether the listing agent is acting in the real property transaction exclusively as the seller's agent, or as a dual agent representing both the buyer and seller. This relationship shall be confirmed in the contract to purchase and sell real property or in a separate writing executed or acknowledged by the seller and the listing agent prior to or coincident with the execution of that contract by the seller.

(c) The confirmation required by subdivisions (a) and (b) shall be in the following form.

(DO NOT COMPLETE, SAMPLE ONLY)	is the agent of (check one): \square the seller exclusively; or \square both the buyer and seller

(DO NOT COMPLETE, SAMPLE ONLY)	is the agent of (check one): \square the buyer exclusively; or \square the seller exclusively; or
(Name of Selling Agent if not the same as the Listing Agent)	hoth the buyer and seller

(d) The disclosures and confirmation required by this section shall be in addition to the disclosure required by Section 2079.14.

2079.18 No selling agent in a real property transaction may act as an agent for the buyer only, when the selling agent is also acting as the listing agent in the transaction

2079.19 The payment of compensation or the obligation to pay compensation to an agent by the seller or buyer is not necessarily determinative of a particular agency relationship between an agent and the seller or buyer. A listing agent and a selling agent may agree to share any compensation or commission paid, or any right to any compensation or commission for which an obligation arises as the result of a real estate transaction, and the terms of any such agreement shall not necessarily be determinative of a particular relationship.

2079.20 Nothing in this article prevents an agent from selecting, as a condition of the agent's employment, a specific form of agency relationship not specifically prohibited by this article if the requirements of Section 2079.14 and Section 2079.17 are complied with.

2079.21 A dual agent shall not disclose to the buyer that the seller is willing to sell the property at a price less than the listing price, without the express written consent of the seller. A dual agent shall not disclose to the seller that the buyer is willing to pay a price greater than the offering price, without the express written consent of the buyer. This section does not alter in any way the duty or responsibility of a dual agent to any principal with respect to confidential information other than price.

2079.22 Nothing in this article precludes a listing agent from also being a selling agent, and the combination of these functions in one agent does not, of itself, make that agent a dual agent.

2079.23 A contract between the principal and agent may be modified or altered to change the agency relationship at any time before the performance of the act which is the object of the agency with the written consent of the parties to the agency relationship.

2079.24 Nothing in this article shall be construed to either diminish the duty of disclosure owed buyers and sellers by agents and their associate licensees, subagents, and employees or to relieve agents and their associate licensees, subagents, and employees from liability for their conduct in connection with acts governed by this article or for any breach of a fiduciary duty or a duty of disclosure.

DISCLOSURE AND CONSENT FOR REPRESENTATION OF MORE THAN ONE BUYER OR SELLER

(C.A.R. Form DA, 11/06)

A real estate broker, whether a corporation, partnership or sole proprietorship, ("Broker") may represent more than one buyer or seller provided the Broker has made a disclosure and the principals have given their consent. This multiple representation can occur through an individual licensed as a broker or through different associate licensees acting for the Broker. The associates licensees may be working out of the same or different office locations.

Broker (individually or through its associate licensees) may be working with many prospective buyers at the same time. These prospective buyers may have an interest in, and make offers on, the same properties. Some of these properties may be listed with Broker and some may not. Broker will not limit or restrict any particular buyer from making an offer on any particular property whether or not Broker represents other buyers interested in the same property.

Broker (individually or through its associate licensees) may have listings on many properties at the same time. As a result, Broker will attempt to find buyers for each of those listed properties. Some listed properties may appeal to the same prospective buyers. Some properties may attract more prospective buyers than others. Some of these prospective buyers may be represented by Broker and some may not. Broker will market all listed properties to all prospective buyers whether or not Broker has another or other listed properties that may appeal to the same prospective buyers.

Buyer and Seller understand that Broker may represent more than one buyer or seller and even both buyer and seller on the same transaction

If Seller is represented by Broker, Seller acknowledges that Broker may represent prospective buyers of Seller's property and consents to Broker acting as a dual agent for both Seller and Buyer in that transaction.

If Buyer is represented by Broker, Buyer acknowledges that Broker may represent sellers of property that Buyer is interested in acquiring and consents to Broker acting as a dual agent for both Buyer and Seller with regard to that property.

In the event of dual agency, Seller and Buyer agree that: (a) Broker, without the prior written consent of the Buyer, will not disclose to Seller that the Buyer is willing to pay a price greater than the offered price; (b) Broker, without the prior written consent of the Seller, will not disclose to the Buyer that Seller is willing to sell property at a price less than the listing price; and (c) other than as set forth in (a) and (b) above, a Dual Agent is obligated to disclose known facts materially affecting the value or desirability of the property to both parties.

NON CONFIDENTIALITY OF OFFERS: Buyer is advised that Seller or Listing Agent may disclose the existence, terms, or conditions of Buyer's offer unless all parties and their agent have signed a written confidentiality agreement. Whether any such information is actually disclosed depends on many factors, such as current market conditions, the prevailing practice in the real estate community, the Listing Agent's marketing strategy and the instructions of the Seller.

Uniform Residential Appraisal Report

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of tille from seller to buyer under conditions whereby. (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions' granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area, these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title
- The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this
- The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property
- The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

- B. The proposed disposition of property to Ulisses Trevino Js. And Johanna Orijel is summarized as follows:
 - 1. The cost of the Agreement to the Agency (with respect to the Site)

(a)	Acquisition of Land with Improvements	<u>\$ 228,330</u>
(b)	Relocation Cost	<u>\$</u> 0
(c)	Demolition and Site Clearance	\$ 37,500
(d)	Appraisal Fees	\$ 1,600
(e)	Title and Escrow Reports	<u>\$ 10,000</u>
(f)	Off-Site Development Improvements	\$ <u>0</u>

	Subtotal	\$ 277,430
	Less proceeds for sale	\$ 113,000

2. The property is located at 15884 Jasmine Avenue, Parcel #3, Ivanhoe, CA. It is a 3 bd/2ba, approximately 1,143 square foot house. The highest and best use permitted for this site is single

family residential. The purchase price pursuant to the proposed Agreement is \$113,000. The purchaser is unable to finance the purchase at an affordable housing cost. The homebuyer assistance funding includes \$56,500 from the Redevelopment Agency (RDA)—Housing Program; and \$55,370 from the Neighborhood Stabilization Program (NSP). The RDA loan will be carried as a deferred payment, 0% interest rate, second mortgage loan held by the Agency. The NSP loan is payable over 30 years at 3% per year.

- 3. The sale price of the house is determined by the appraised value of the home. The long-term affordability of the home is protected by the resale restrictions in the Loan Agreement executed with the buyers.
- 4. The sale and development of this property will assist the Agency in meeting the Goals and Objectives of the Housing Program to establish a new affordable home construction program.

The sale and development of this property will eliminate blight by meeting the Goals and Objectives of the Five-Year Implementation Plan, as stated above.

Purchase and resale of property for new home construction sites increases the County's stock of affordable housing

Working with non-profit organizations to construct single-family housing to be sold to low or moderate-income households increases the County's stock of affordable housing.

The house is sold with recorded resale restrictions that protect the affordability for 45 years as required by the State Health and Safety Code.
