SUBJECT: Electrical Agriculture Wind Machine/Ag-Well Emergency Program

REQUEST(S):

Presentation by the Tulare County Resource Management Agency regarding an Electrical Agriculture Wind Machine/Ag-Well Emergency Program

SUMMARY:

Historically the Agricultural Community on a rare occasion has a need for emergency electrical connection to insure that the agricultural products are not damaged because of frost or other natural occurrence. The Tulare County Resources Management Agency, Planning Branch Building Division has successfully established a system with the cooperation of Southern California Edison(SCE) and Pacific Gas and Electric (PGE) to provide a rapid response when called upon. The Tulare County Agricultural Advisory Committee has supported and encouraged this service.

ADMINISTRATIVE SIGN-OFF:

Jake Raper,
Resource Management Agency Director
