CONTACT PERSON: Gina Rizza PHONE: 713-2761

SUBJECT: Approve a Capital Asset purchase.

REQUEST(S):

That the Board of Supervisors:

1. Approve the Capital Asset purchase of two Cellebrite Forensic Devices equipment and software in the amount of \$21,768.
2. Approve the necessary budget adjustments per the attached AUD 308s (4/5ths vote required).

SUMMARY:

Cellebrite's Universal Forensic Extraction Device (UFED) Touch Ultimate is a recently launched high-performance forensic device specifically designed for law enforcement, military, and intelligence organizations that offers advanced technology for mobile data extraction and decoding of digital evidence from mobile devices such as feature and/or smart phones, portable GPS devices, iPads and other tablets. UFED Touch Ultimate can search cell/smart phones for images, videos, emails, and/or text messages that may contain prohibited material or child pornography. The device extracts data all the way to the root system, whether it is IOS, Android, Windows or WebOS phones. The UFED Touch Ultimate uses logical and physical extraction methods to support more than 7,900 profiles for mobile devices. Advanced technology like UFED Touch Ultimate can be instrumental in addressing the ever-increasing capabilities that mobile devices have and mitigate their power, which often can interfere with public safety. This technology can contribute to creating safer and smarter communities.

SUBJECT: November 13, 2012
DATE: Approve a Capital Asset purchase.

Cellebrite is a global company founded in 1999 that is a world leader in mobile data technology. Cellebrite established its mobile forensics division in 2007, and has since introduced new products like UFED Touch Ultimate targeted specifically for law enforcement.

The Probation Department intends to utilize the UFED Touch Ultimate technology for office and/or field investigations, to collect data, and to monitor the activity of sex offender probationers to ensure compliance with probation terms and conditions.

Cellebrite will provide support and maintenance of the UFED Touch Ultimate. Cellebrite will train two Probation Officers and identify them as the point of contact.

Cellebrite Software works on stand-alone and will not require network connectivity to the Tulare County network. Software is primarily used for running reports of data extracted from the device.

FISCAL IMPACT/FINANCING:

The one-time cost for the purchase of the UFED Touch Ultimate is \$21,768, which includes software updates, live tech support, warranty, and new cables at no additional charge for the first year. Software updates, live tech support, warranty, and new cables from the second year and thereafter are anticipated to cost \$5,998 annually and will be paid from revenue received from SB 678. There are no net County costs.

LINKAGE TO THE COUNTY OF TULARE STRATEGIC BUSINESS PLAN:

The County's five-year strategic business plan includes the Safety and Security initiative. The UFED Touch Ultimate supports the goal of promoting personal responsibility and public safety and includes enhanced supervision of specified sex offender probationers.

ADMINISTRATIVE SIGN-OFF:

Christie Myer
Chief Probation Officer

Cc: Auditor-Controller
County Counsel
County Administrative Office (2)
