SUBJECT: Approve Capital Asset purchase.

REQUEST(S):

That the Board of Supervisors:

- 1. Approve the Capital Asset purchase of a used Forklift with Gray Lift Inc. in an amount not to exceed \$14,999.
- 2. Approve the necessary budget adjustments per the attached AUD 308 (requires 4/5ths vote).

SUMMARY:

The County's strategic plan strives for continual improvement in organizational performance, particularly by the use of state-of-the-art technology to better support and provides services to the clients and promote workplace safety.

On January 28, 2014 the Board of Supervisors approved a Lease Agreement between County of Tulare and KRME Partnership for space located at 2200 West Midvalley Avenue, Visalia. This warehouse is not equipped with a dock which makes it unfeasible to unload freight. The purchase of the used forklift will help with productivity by allowing staff to unload larger volumes of items and safely arrange, organize and use vertical storage space available. We don't anticipate high usage of the used forklift, which will increase the lifespan. The purchase of a used forklift is more cost effective versus a lease and it can give us potential savings of up to \$11,000. Following the purchase and as part of FY 2014/15 budget, PM service will be setup on a quarterly basis for proper upkeep of the forklift.

SUBJECT: Approve Capital Asset Purchase.

April 1, 2014 DATE:

FISCAL IMPACT/FINANCING:

The cost of the Forklift is in an amount not to exceed \$14,999. This capital asset costs are included in the FY 2013/14 budget to be paid from account number 071-090-2900-8326. The attached AUD 308 will transfer \$15,859 for the purchase of capital assets. No additional Net County Cost.

LINKAGE TO THE COUNTY OF TULARE STRATEGIC BUSINESS PLAN:

The County's five year strategic plan includes the Safety and Security and Organization Performance initiatives to promote countywide loss prevention and workplace safety. This purchase help us fulfill these initiatives by providing the County with state of the art technology and infrastructure to support better service delivery.
